DIRKE ANGELES

Tibungco Davao City
63+ 9212798498 | dirkeangeles05@gmail.com

Motivated and detail-oriented second-year Bachelor of Science in Information Technology (BSIT) student with foundational knowledge in front-end web development and UI/UX design. Skilled in building responsive websites using HTML, CSS, JavaScript, and basic front-end frameworks, with an understanding of user-centered design principles and interface prototyping. Passionate about creating clean, functional, and visually appealing digital experiences while continuously improving technical and design skills through academic projects and self-learning. A quick learner with strong problem-solving abilities, teamwork, and a willingness to adapt to new technologies in a professional environment.

EXPERIENCE

Front-End Developer & UI/UX Designer | Academic Project

- Designed the UI/UX and developed a responsive multi-page website for a traditional Filipino sweets business.
- Created wireframes, user-friendly interfaces and Prototype in Miro and Figma before implementing them with HTML, CSS, and JavaScript.
- Focused on clean layouts, consistent branding, and an intuitive user experience.
